

M.R.F. Supervisor's Monthly Report September 8'th, 2014

The things jobs done by the M.R.F. crew for the month of August include:

Accepting incoming garbage
Collecting recyclables
Sorting recyclables
Baling recyclables
Working on the old paint
Crushing glass
Sorting scrap metal
Working on setting up the exchange\
Smashing the demo and metal boxes
Processing the electronics
Switching out the garbage and demo boxes
Preparing the haz-mat
Working on the live loads
Running the nail sweep
Servicing the equipment
Cleaning up the grounds
Shipping out recyclables
Cleaning the shop
Plus our daily routine

Additional info:

1. The exchange is moved and open. Carey and I set everything up and moved things without the help of the many volunteers. We still have the problem of people putting things inside without asking. I will wait and see how things progress.
2. I am still waiting on a price for a new glass crusher. We are keeping the old one limping along.

Respectfully Submitted,

Ted Pallas Supervisor, M.R.F.
